Market Report

September 25, 2023

Today we sold a light run of weigh ups with market steady to touch lower. Good feeding cows and high yielding cows bringing 95-105. Middle cut of cows bringing 80-92 and few bulls bringing 108-114. We sold over 1000 hd of calves with a few consignments moving to November 6. The market was good with lots of demand on 400-500 weight cattle and a good crowd of buyers in the seats. We are still taking consignments for sales coming up and would enjoy visiting with you about your cattle. Contact Joe 605-515-0257 or Trent 605-454-0658 to come out and take a look.
